RAINA BULV. 19 RIGA,

Latvia

<http://www.lu.lv>

The University of Latvia (UL) is a state-run classical university. The UL with its 15,000 students, 13 faculties and more than 20 research institutes is one of the largest comprehensive and leading research universities in the Baltic States.

The UL offers more than 130 state-accredited academic and professional study programmes. Research is conducted in over 50 research fields; the UL holds expertise in the humanities, sciences, social sciences, and education sciences. Social context of the UL represents national and international student, researcher and academic staff body.

The UL has gained profound competence in the language used in the domain of cross-cultural communication, both in terms of its application in cross-linguistic interaction and in developing this competence to the UL students. It has vast experience and knowledge in language as a system of human communication, with a focus on pragmatics and anthropological pragmatics, in particular. It facilitates international communication, based on thorough knowledge of various social aspects that underlie communication in professional settings. Besides, the key competences, it has expertise in the area of language acquisition, which concerns the application of communication types, methods and means to master and display the skills of communication in the target language applied in professional domains.
